UK Automation Show 2027

Exhibitor brochure

28–30 September 2027 | Hall 1, NEC, Birmingham

Co-located with

The UK's leading automation, robotics and vision trade show

Exhibit alongside the industry's leading technology providers and put your solutions in front of thousands of manufacturing professionals seeking the latest automation, robotics and machine vision solutions. Now extended to 3 days in Hall 1 at the NEC, Birmingham, 28–30 September 2027, join us to generate high-quality leads, launch new innovations and grow your business.

THE
ULTIMATE
**INNOVATION
DESTINATION**

Automate UK Week 2027

Two Shows. One Destination. Even More Opportunities.

For the first time, the **UK Automation Show 2027** (formerly Automation UK) will be co-located with the **PPMA Show® 2027** as part of **Automate UK Week**. Bringing together the UK's leading exhibitions for automation, robotics, machine vision, processing and packaging machinery, this landmark event will create the UK's largest gathering of manufacturers, engineers, specifiers and senior decision-makers. With two industry-leading exhibitions under one roof, you'll benefit from greater visibility, access to a broader audience, more networking opportunities and increased potential to generate high-quality leads.

Save 25% on your second smaller stand.

Exhibit at both shows and receive **25% off your second smaller stand**, helping you extend your reach, strengthen your brand presence across both exhibitions, and maximise your return on investment.

Don't miss out
